## ENDORSE ANTI-SALOON LEAGUE

### ACTION TAKEN BY PRESBYTERIANS ON TEMPERANCE.

**Pledge to Organization Its Full Cooperation—Considered Safe, Same and Effective—Report on Foreign Missions.**

Columbus, Ohio, May 22.—Following a two hours' exciting debate which at times became acrimonious and verged upon personalities, the Presbyterian general assembly to day adopted unanimously resolutions declaring as its policy that the permanent committee on temperance shall not embark upon or interfere in political work and endorsing the American Anti-Saloon league as a "safe, sane and effective organization in the advancement of the great cause of temperance," and pledging to the fullest cooperation "consistent with the constitution of the church." Following are the resolutions:

"Resolved, That the assembly, declare as its policy that the permanent committee on temperance shall not interfere in political primaries, advocate the election or defeat of candidates for political offices, enter into the organization of campaigns, frame bills for presentation to legislatures, lobby before legislatures, or otherwise entangle the church with political activities of the state, provided that nothing herein may be construed as limiting the constitutional right of petition guaranteed in our standards.

"Resolved, That the assembly of the Presbyterian church most heartily commends the American Anti-Saloon league as a safe, sane and effective organization in advancement of the great cause of temperance and pledges there to the fullest cooperation consistent with the constitution of the church."

**Foreign Missions.**  
The report of the board of foreign missions show that the Presbyterian church has 27 missions in 16 different lands. In the past year the board sent out 49 new missionaries, of whom 7 were medical missionaries.

The board has now under its care 1145 educational institutions. These include schools of all grades from the primary up to the university. It has 115 hospitals and dispensaries. Last year the physicians connected with the board together with their native assistants, treated 426,101 patients. The total number of scholars in the schools is 26,924 and the total number of conversions on confession of faith in the various churches of the missions was 11,106. The board has 139 principal stations, 2,062 sub-stations, 889 American missionaries, 3,129 native workers including ordained men, licentiates, helpers and teachers, 441 organized churches, with 70,447 communicants.

The total receipts of the board from all sources, churches, Sunday schools, Young People's societies, individuals and legacies, for the year were \$1,227,931.34. The board closed the year without deficit. It carries over, however, a debt of previous years, of something like \$95,000.

The report summarizes the special characteristics of the work for the ecclesiastical year ending April 30th as follows:

First—The growth of self support. Second—The development of ecclesiastical life in the churches in Japan. The churches are asking for self-government. In China and in other missions the drift is in the same direction.

Third—The development of spiritual minded men in the native church, notably in China and Korea, where leaders are rising who seem to be men of more than ordinary spiritual power.

Fourth—The revival spirit seen in many mission fields, especially in China, India and Korea.

**HARVEY ON TRIAL.**  
Pittsburg, Pa., May 22.—Thomas W. Harvey, former paying teller of the Enterprise National bank of Allegheny, which failed two years ago for over a million dollars, was placed on trial in the United States district court to day.

Harvey has been indicted upon charges of making false entries, abstracting funds, misapplication of funds and aiding and abetting T. Lee Clark, cashier, in misapplication of funds, who subsequently committed suicide.

Edward P. McMillan, interest book-keeper of the defunct institution, has pleaded guilty to the charges against him.

**BOMB EXPLODED.**  
New York, May 22.—By an explosion to night of what the police believe to have been a fireworks bomb left over from a recent celebration in the Italian quarters, eight children were seriously injured. One of them died later.

**REVOLUTION IN SALVADOR.**  
Mazuga, Nicaragua, May 22.—Passengers who arrived here to day from Launion, Salvador, declare the revolutionary movement has begun in that republic. Troops were being sent into the interior of Salvador when the passengers left Launion.

## ROYAL ARCANUM

**New Members Allowed to Start With \$1,500 Death Benefit—Sick Benefit Question.**

Boston, May 22.—The recommendation of the committee on laws of the supreme council, Royal Arcanum, permitting new members to start with \$1,500 death benefit, was accepted at the session of the supreme body to day. The report of a special committee on sick benefits, which was also accepted, is as follows:

"Official circulars to be issued calling attention of the order to the inequity and danger of attempting to provide benefits for sick and disabled members under the present uniform system of dues; that this report be referred to each executive committee to consider and if deemed expedient to prepare therefrom and promulgate a safe, just and equitable system of dues that will enable councils electing to do so to provide for payment of dues and assessments of members during temporary disability."

### PREPARING FOR VACATION.

**Summer Capital Will Be Established at Oyster Bay as Usual.**

Washington, May 22.—Much of the office furniture and paraphernalia to be used in Secretary Loeb's quarters at Oyster Bay this summer has already been packed for shipment. The "summer capital" will be located as usual on the second floor of Moore's provision store building. The president's home, Sagamore Hill, is some three and a half miles from the village offices.

According to Secretary Loeb, the president will spend a very quiet summer at Oyster Bay this year. Visitors at Sagamore Hill will be few and far between. The only out of town engagement the president has made thus far for the entire summer is that of Aug. 20, when he will speak at Provincetown, Mass., on the occasion of a pilgrim fathers' celebration.

Sept. 29 he plans to end his vacation and proceed to Canton to help dedicate the McKinley monument. The president will leave Washington for Oyster Bay on the morning of June 12.

### INDICTED OFFICIAL RESIGNS.

New York, May 22.—Frederick A. Burnham, indicted for grand larceny and forgery, resigned from the presidency of the Mutual Reserve Life Insurance society and Archibald C. Haynes, formerly general agent of the Equitable Life Assurance society, was elected to succeed him.

George D. Eldridge resigned as vice president, actuary and member of the board of directors. The resignation from the vice presidency was accepted, but he still remains actuary and member of the board of directors.

**TROWN FROM TRACK.**  
Maysville, Ky., May 22.—An observation car on the Chesapeake & Ohio train this afternoon was thrown from the track and went over an embankment at Lawrence creek and was completely wrecked. There were eighteen passengers in the car and all were injured; fifteen seriously, one dying here. The dead: Mrs. Mary Hadey, wife of Judge W. L. Hadey, of Milwaukee, Wis.

Fatally injured: Mrs. Lazarro, of St. Louis.

**PRISONERS ESCAPED.**  
Toledo, Ohio, May 22.—Overpowering Guard Trempt, whom they brutally assaulted with their fists, thirteen prisoners at the workhouse here to day escaped. Only prompt action on the part of other guards prevented a delivery of all the prisoners employed in the brick yard. Late this afternoon it was reported two of the prisoners had been captured at the Air Line junction.

**DINNER GIVEN CORTELYOU.**  
New York, May 22.—Five hundred postal officials of the state of New York attended a dinner given George B. Cortelyou, now secretary of the treasury, but formerly postmaster general of the United States, to night. Besides the guest of honor the list of speakers included several men prominent in national affairs.

**LUTHERAN SYNOD.**  
Sunbury, Pa., May 22.—The forty-third annual convention of the general synod of the Evangelical Lutheran church of the United States convened to night. Rev. David H. Baustien, D. D., of Springfield, Ohio, president of the synod, delivered the synodical sermon.

**TRAIN CONSUMED BY FIRE.**  
Gallipolis, Ohio, May 22.—A south-bound freight on the Hocking Valley went through a trestle five miles north of here this morning, wrecking several cars, among them a car of naphtha, which caught fire and consumed the train and trestle, entailing a very heavy loss. The crew escaped injury.

**FLOORED THREE TIMES.**  
Des Moines, Iowa, May 22.—In the second round of the "Young Kid" Farmer-Patsy Hogan fight here this evening, Farmer was sent to the floor three times, taking the full count each time. He attempted to rise several times and his seconds threw up the sponge.

## MANUFACTURERS' ASSOCIATION

### FAVOR TARIFF REVISION AND RECIPROcity TREATIES.

**Association Goes on Record After a Lively Debate—Mass of Resolutions Adopted—Van Cleave Re-Elected President.**

New York, May 22.—The National Association of Manufacturers went on record to day in favor of revision of the tariff at the earliest opportunity and the negotiation of more reciprocity treaties. A lively debate preceded the vote, which was upon acceptance of the report of the committee based on the 3,000 members of the association. Of the total number replying, 15 per cent declared for immediate revision, while 20 per cent expressed a "hands off" sentiment. Eight per cent believed the time for revision had not arrived and the other 17 per cent expressed indifference or made noncommittal answers. An effort to table the report was defeated and it was adopted as reported.

Among the resolutions adopted by the association are included endorsement of the open shop, industrial education, improvement of the consular service, commendation of the national river and harbor congress, one urging the president to withhold his approval of the new German agreement until testimony of practical producers could be obtained regarding the effects upon domestic labor and industry likely to follow; customs administrative changes in favor of "export values," and opposition to all illegal combinations, either of capital or labor.

This last resolution was given added force by the convention declaring its determination to raise \$1,500,000 to carry out a campaign of education concerning detestable combinations. Of this campaign of education President Van Cleave, after to day's session, said:

"We shall endeavor to assist in educating the public in industrial righteousness. We shall be just as ready to oppose unlawful acts by combinations of capital as those of combinations of labor. We believe in industrial liberty and we are opposed to all forms of industrial oppression. And, if anybody undertakes to compel any one to submit to such oppression, we shall endeavor to assist the party so assailed. We shall in particular endeavor to sustain public officials who try to enforce laws, and wherever murder or violence is resorted to, wherever public officials are threatened and subjected to outrage we shall do what we can whether the official in question be judge, governor, sheriff, mayor, policeman or juror.

Capit. Henry A. Castle of St. Paul, formerly sixth auditor of the United States treasury, in a speech on "Needed Postal Reforms," criticized the management of the postoffice department, which he said should be placed on a business basis.

Charles A. Prouty, a member of the interstate commerce commission, advocated direct control by the government over capital accounts of the railroads.

The association re-elected James Van Cleave of St. Louis, president, and F. H. Stillman of New York, treasurer.

The convention closed tonight with a banquet.

**TRACTION ORDINANCES.**  
Chicago, May 22.—Acceptance of the new traction ordinances by the North and West Side railways companies comprising the Union Traction company, was made certain to day when President Rawson found there was on deposit much more than a majority of the company's stock. The companies will be reorganized and operated by a new name. The lines will be rebuilt and licensed to operate in connection with the south side system for twenty years under the ordinance adopted at the April election.

**TRAIN CONSUMED BY FIRE.**  
Gallipolis, Ohio, May 22.—A south-bound freight on the Hocking Valley went through a trestle five miles north of here this morning, wrecking several cars, among them a car of naphtha, which caught fire and consumed the train and trestle, entailing a very heavy loss. The crew escaped injury.

**FLOORED THREE TIMES.**  
Des Moines, Iowa, May 22.—In the second round of the "Young Kid" Farmer-Patsy Hogan fight here this evening, Farmer was sent to the floor three times, taking the full count each time. He attempted to rise several times and his seconds threw up the sponge.

## HAYWOOD TRIAL

**Sheriff Succeeds in Securing Another Special Verdict—Trial Resumed To Day.**

Boise, Idaho, May 22.—By the use of a train, a stage and horse and some active hustling Sheriff Hough and his deputies managed to day to round up a majority of the fifty men included in the special venire issued yesterday in the Stenenberg murder case and they are now all expected to be on hand when the trial is resumed to morrow afternoon.

**DIAMOND QUEEN TELLS ALL.**  
Wheeling, W. Va., May 22.—Pretty Bessie Criswell Burton, "The Diamond Queen," on trial on a charge of feloniously obtaining \$2,100 worth of diamonds, told the jury that her accuser, Jeweler H. E. Hillman, is a West Virginia Stanford White, alleging that he treated her much the same way Evelyn Nesbit said White treated her—minus the doped wine feature, however. She swore that Hillman sought her acquaintance in 1901, when she was a clerk in a millinery store, and enticed her to his bachelor apartments over the store, where he accomplished his purpose.

Afterward, the girl confessed, she was a frequent caller at Hillman's rooms and that he often made her presents of jewelry and loans of money.

**TRAIN WRECKERS**  
Searching for Men Believed to have Caused Wreck on Southern Pacific in California.

Los Angeles, May 22.—Private detectives employed by the Southern Pacific and deputies of the sheriff's office, this city, joined in the search for the men believed to have caused this morning's disastrous wreck, when five cars of the coast line limited plunged over the edge of a trestle near Glendale. The list of dead is believed to be complete with the finding of the bodies of James Victor and J. A. McMahon, a Santa Barbara electrician, who was crushed beneath the baggage car while scaling a ride. Victor is believed to have met death under the same conditions. The injured will recover. A reward of \$1,000 has been offered by the Southern Pacific for the conviction of persons responsible for the wreck.

**MAYOR SCHMITZ'S TRIAL.**  
San Francisco, May 22.—The trial of Mayor Schmitz upon a charge of extortion was begun this morning with the drawing of jurors for the panel that is to hear the evidence. Before the court adjourned for the noon recess one of the jurors had been passed for cause by both sides.

Seven others whose names preceded his were excused on challenges. Four remain to be examined and there are ten more names in the box.

Three of the first twelve probationary jurors for trial, subject to peremptory challenge, of Mayor Schmitz were chosen to day. One this morning and two this afternoon. The list of remaining talesmen being practically exhausted, Judge Dunne issued new venues of twenty. The trial will probably last six weeks.

**SIX ROUND BATTLE.**  
Philadelphia, May 22.—"Tommy" Murphy of New York, and John Summers of England, fought one of the hardest six round battles ever witnessed in this city. In the first round Summers dropped Murphy with a right to the jaw and in the second Murphy was noored twice, and over anxiety of Summers to stop Murphy saved the latter from taking the count. Murphy more than held his own in the third, fourth and fifth, while the sixth was about even.

**ARBITRATE CLAIM.**  
Washington, May 22.—As a result of negotiations between the state department and Nicaragua arrangements are practically completed for arbitration of the claim of George D. Emery company of Boston, against Nicaragua for damages alleged to have been sustained by them through infringement by Nicaragua of their concession to cut and market mahogany. It is understood the concession is valued at \$1,500,000.

**NO RED BANNERS IN PARADE.**  
Chicago, May 22.—Chief of Police Shippley has issued orders that no more parades in which red flags or banners are displayed will be permitted in Chicago. The chief's attitude is due to the abundant show of red color in the Moyer and Haywood "sympathy" parade last Sunday.

**FOR SIXTY YEARS.**  
Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle. Guaranteed under the Food and Drug act, June 30, 1906. Serial number 1908.

**ELKS MEET IN BLOOMINGTON.**  
Big Parade in Which 1,500 Elks Take Part is Feature of the Opening.

Bloomington, May 22.—The convention of the Elks opened here this morning with a large attendance. This meeting promises to be the most interesting of any ever held by the grand lodge. A feature of to day was the big parade, in which seven bands and 1,500 Elks took part. The parade was headed by automobiles. President Schlick urged that a meeting of all the secretaries of lodges in the state be held in Chicago some time in the near future in order that the lodges might come into closer touch with each other. It is probable that before the meeting ends some arrangement for a meeting of this kind will be made. The reports of the secretary and treasurer showed that the lodge is in excellent condition.

It is generally conceded that John J. Faulkner of East St. Louis will be the next president. Mr. Faulkner is unable to be present owing to the fact that he was called to South Dakota. Col. Roy Reece of Springfield is a leading candidate for vice president.

**REFUSED TO NAME RECEIVER.**  
Chicago, May 22.—Judge Honore of the circuit court to day declined to appoint a receiver for the Chicago-New York Electric Air Line railroad, without going into the merits of the case. The motion for a receiver was withdrawn. Whether the defendants will be obliged to answer the allegations made by Theodore Nelmoyer, a stockholder, when he asked for an accounting from the company, will be decided to morrow.

## MEETING OF STATE G. A. R.

### FIRST BUSINESS SESSION HELD WEDNESDAY.

**Time Taken Up in Hearing Reports, Which Are Encouraging—Thousands Take Part in Parade in the Afternoon.**

Decatur, May 22.—There were several thousand veterans in the parade given this afternoon in connection with the annual encampment of the state G. A. R. The parade started at 2:30 o'clock.

At the morning session the time was taken up in hearing reports of the various officers. Garrett R. Vanhorne, chaplain of the Illinois department of the Grand Army of the Republic reported that 456 posts observed Memorial day last year with a total attendance of 16,213 comrades. Four sermons were preached by women and two by confederates. The total number of graves decorated was 53,160. A total of 792 public schools participated in the exercises and 123,500 pupils were in line.

He recommended that Grand Army men endeavor to organize in their cities Citizens' Memorial associations to co-operate with the Grand Army posts in observing Memorial day, decorating and care for the graves and aiding in disseminating patriotic ideas.

Anna C. Reilein, department secretary of the Woman's Relief corps, reports the total number of corps 228; members in good standing March 31, 1907, 11,561. Amount expended for relief during the year \$4,671.67; value of relief other than money, \$6,993.20; turned over to posts, \$2,975.86. Eight new corps have been instituted in the year, one of these is in the Soldiers' Widows' home at Wilmington.

The reports of the assistant adjutant general were presented to the encampment to day. These reports showed that during the year, there had been a loss of one post by death, frequency and three by the surrender of charter, leaving the total number of 523 post on December 31, 1906. The total membership of that date was 18,212, a net loss during the year of 597. There was expended in charity during the year the sum of \$4,927.36. One post, No. 798, known as "Old Glory," has been organized since January, 1907.

The financial report showed that on May 15, 1906, there were \$2,287.05 in the treasury. Receipts during the year following amounted to \$4,400.20, making the total \$6,692.25. The expenditures were \$4,691.50, leaving a balance in the treasury of \$2,000.75.

### Mathews Elected.

Col. A. C. Mathews of Pittsfield, was elected department commander of the Grand Army without opposition to day. Quincy was chosen as the next meeting place.

Mrs. Anna B. Luck of Plymouth, was elected commander of the Woman's Relief corps.

W. C. Creighton of Champaign, was elected commander of the Sons of Veterans.

**NO ONE RESPONSIBLE.**  
Maula, May 22.—The committee of Filipinos appointed to investigate the death of thirteen prisoners following the inoculation of inmates of the Bilibid prison with contaminated serum while a series of experiments with cholera virus were being conducted last November, reports that no one was responsible for the accident and specifically exonerated Dr. Strong of the bureau of science, who was in charge of the bacteriological work of the laboratory system and was conducting the experiments.

**REFUSED TO NAME RECEIVER.**  
Chicago, May 22.—Judge Honore of the circuit court to day declined to appoint a receiver for the Chicago-New York Electric Air Line railroad, without going into the merits of the case. The motion for a receiver was withdrawn. ## JURY DISAGREED

**No Verdict in Case of Woman Who Ordered Son to Kill Her Husband.**

Fargo, N. D., May 22.—After being out more than 24 hours, the jury trying Mrs. Laura Cramer, charged with ordering her son, a mere boy to shoot and kill her husband, Fred Cramer, at Fargo, N. D., Feb. 11, last, disagreed this afternoon. Two other juries have disagreed while considering the case. It will be retried at the next term of court. The cause of the snafu was a faulty quarrel. The defense admitted the woman told her son to shoot, but claimed justification. The boy had previously been acquitted.

**JUROR STEELE HARD UP.**  
New York, May 22.—Wilbur F. Steele, juror No. 9 in the trial of H. K. Thaw, before Justice Green in the city court to day confessed that he is practically without funds. Mr. Steele voted for Thaw's acquittal. He said the money he had received as a juror in the long continued trial, constituted his total income for the current year. He said he had no bank account and is living in a \$3 apartment on money borrowed from his brother. Steele was enrolled on the jury as a shudder of gas plants. It was asserted during the trial that his attendance here as a juror had cost him a \$75,000 contract, which would have netted him \$10,000.

**BROWNSVILLE AFFRAY.**  
Foraker Succeeds in Having Committee Summon More Witnesses.

Washington, May 22.—The senate committee on military affairs, investigating the Brownsville affray, held an executive session at the close of the hearing to day to determine if the committee shall go to Texas to take testimony and personally inquire into the shooting from the Brownsville point of view. No agreement was reported. A majority of the members of the committee argued that the testimony already taken proves conclusively that negro troops did the shooting and that nothing would be gained by taking the trip. Likewise it was claimed by several senators that there was no occasion to call any more witnesses.

Senator Foraker took exception to this position and he was supported by three or four senators who have sided with him in defense of the negroes. It was decided to summon several more witnesses from Brownsville, who are deemed important, and to examine experts at the Springfield arsenal who made a report on shells picked up in the streets of Brownsville after the shooting. After this has been done the question of going to Texas will again be considered and it is likely a sub-committee at least will go there.

**ACCIDENT CAUSES ANOTHER.**  
Ulaca, N. Y., May 22.—One man was killed and a dozen seriously injured as the result of the wrecking of the Buffalo and Cleveland flyer No. 29 on the New York Central east of Little Falls, early this morning. Details are lacking, but it is reported here that the wreck was due to an extremely odd accident. The passenger car was to have passed a fast freight westbound at Pink's Basin. According to reports the freight was derailed just before reaching the passenger and the debris from the wrecked train falling across the passenger track, resulted in the derailment and wrecking of the latter train.

**RETURN TO WASHINGTON.**  
Washington, May 22.—President and Mrs. Roosevelt, who have been enjoying a six days' vacation at Pine Knot, the country home of Mrs. Roosevelt, arrived home at 8:45 to night. Archie Roosevelt, Assistant Secretary Latta and Secret Officer Sloan were also in the party. The trip was made without special incident.

**HANGED HIMSELF.**  
La Crosse, Wis., May 22.—Anton Roselich, a wealthy and retired resident of Shelby, committed suicide to day by hanging. Restlessness, due to retirement from business, leaving him with no active occupation for his mind, is supposed to have been the cause.

## A REAL DESCIPLE OF ROOSEVELT

NOT IN WORDS, BUT IN DEEDS—H. C. TUNISON OFFERS

Perambulator for Each Baby Born Among His Tenants—Puts Premium Upon Visitation of Stork—Former Jacksonville Resident in Lime Light.

The following article is taken from a recent issue of the Chicago Chronicle and will be read with interest by the many friends of H. C. Tunison in this city:

The ban against babies and small children who are unwelcome to thousands of landlords and childless tenants of flat buildings has been raised by one landlord on the west side in whose group of apartment buildings children are not only welcome but substantial prizes are given with each visit of the stork. The landlord, H. C. Tunison, a map publisher, who has an office at 1092 Wilcox avenue, surrounded on either side by apartment buildings, has offered a perambulator to the parents of each new baby that makes its appearance and if a baby carriage is not desired the tenant is allowed one month's rent.

Three baby carriages have been given by Mr. Tunison to mothers of new arrivals within the past two months and one tenant, Mrs. Annie Sales, 1098 Wilcox avenue, has accepted instead the cancellation of one month's rent.

Blow to Race Suicide.  
Mr. Tunison's unique plan in support of President Roosevelt's plea for large families and against race suicide has met the approval of club women, clergymen and sociologists, who yesterday expressed approval of the innovation which is calculated to strike at child discrimination.

An air of innocent gaiety reigns over the Tunison buildings, where there are now twenty children ranging in age from 2 months to 7 years. They are permitted entire freedom about the buildings and the lawn on the east side of one of the apartment buildings which is preserved for them as a playground. Mr. Tunison has provided a swing for the older children, which stands directly in front of the little brick building which he uses as an office, while the smaller children are given rattles and picture books. In the winter months the landlord provides three sleds which are the common property of all the "flat" children, and dolls of all descriptions are distributed among the little girls.

No Restrictions on Anyone.

Although a man is employed to keep up the playground and the tenants as well as the landlord are proud of the little grass plot, there is no sign warning the children to children to keep off the grass and they are free to romp on the lawn at their will.

"There are no restrictions to anyone and we live like one big family," is the way Mrs. C. A. Grant, the mother of three children, expressed it yesterday.

Encouraged by their landlord's approval of large families, there have been several additions to the families of a number of tenants in the last few months. The first one to win a baby carriage was Mrs. A. B. Bush, whose little boy is now 12 weeks old. When the baby arrived Mr. Tunison reminded Mrs. Bush of his promise and the two went to a downtown department store, where a brightly varnished and expensive perambulator was selected. When the baby carriage containing the wee addition to the Bush family was proudly wheeled about the shaded lawn by the mother other women tenants looked on admiringly.

Soon the stork made a second visit, this time depositing a baby in the apartment occupied by the Guggorie family, and within the last two weeks Mrs. J. H. Guggorie with a bright new perambulator has joined Mrs. Bush on the playground. While the two babies cooed and laughed as the spirit moved them the landlord looked on through his office window.

Get Rent Instead of Perambulator.  
When the stork made its appearance at the Sales home it was found a perambulator was not wanted, for Mrs. Sales and her husband have planned to take a trip to Europe and will leave June 1.

Mr. Tunison was advised of this and he suggested that instead of a baby carriage he make the Sales family a present of one month's rent. The offer was accepted and on the books of the real estate agent who has charge of Mr. Tunison's renting there appears the following unique entry:

"Credited to A. C. Sales, one month's rent; account of baby."

Following are the tenants of the buildings and the number of children each has:

Children.  
C. A. Grant ..... 3  
J. Beady ..... 1  
A. S. Bush ..... 1  
A. C. Sales ..... 3

M. V. Murphy ..... 2  
J. H. Guggorie ..... 1  
B. S. Stacy ..... 1

Mr. Tunison, whose home is at Lake Bluff, has four grown sons and

daughters and a number of grandchildren. He is looked upon as a veritable Santa Claus by children of his tenants, who always know in which pocket to feel for a bag of candy. He is an unassuming man about 50 years old and insists he should be given no special credit for his plan in favor of the emancipation of "flat children."

"I offer prizes to my tenants who may be blessed with babies," he said yesterday, "because I like children and I do not think they should be discriminated against. The plan suggested itself to me some months ago when a woman came to my office in quest of one of my flats. She was a little woman and looked very tired, for in one arm she carried a small baby while with the other she led a little boy. Her story was pathetic. She had been compelled to move, and having no one with whom to leave her children she had to take them with her on her hunt for a new flat. Objection to children was made by the agent or landlord of every flat the little mother visited."

Children Not Wanted Nowadays.  
"Children are not wanted nowadays," she added when she had told me of her struggle to find a home."

The landlord related that after he had offered one of his apartments to the woman he resolved to encourage the large family idea so far as his tenants were concerned, and the announcement of prizes was made.

"Every landlord in Chicago should follow the example set by Mr. Tunison," said Mrs. Sales yesterday afternoon as she exhibited her little blue-eyed baby. "We are all as happy here as one large family, and each mother takes an interest in the other's children, for there is a sort of friendly rivalry between the families. It is unjust for landlords to discriminate against children, for boys and girls must be raised somewhere, and where parents find it necessary or convenient to live in apartment buildings it does not seem right to deprive them of the company of children."

Bishop Fallows Praises Plan.  
Bishop Samuel Fallows of the Reformed Episcopal church expressed distinct approval of the "perambulator" plan yesterday.

"I should not want to go to heaven if there were no children there," said Bishop Fallows, "and there should be children in every home where such a blessing is possible. The state should see that the birth rate exceeds the death rate, for this is an important question. The landlord who has offered prizes to tenants visited by the stork is doing a good work and has set a good example for other landlords to follow. The plan has my hearty approval."

Mrs. Charles Henroth of the Chicago Woman's club said that in order to give an opinion on the "perambulator" question she would have to study the subject. Mrs. Henroth does not believe in flat life for children.

"Children should be raised in a house surrounded by plenty of light and fresh air," said the clubwoman, "rather than in an apartment building. However, there are some instances where a family finds it necessary to live in a flat, but I can not say at present whether I wholly agree with the 'perambulator' plan as adopted by Mr. Tunison."

#### PROBATE COURT.

In re sewer on Anna street; decree confirming assessment roll. Default of all defendants and judgment rendered against all lots, etc.

Armstrong, tapestries and body Brussels rugs, room sizes, at Calky's.

#### PARENTS' RECEPTION.

Miss Hamilton's room in the Washington school was filled to overflowing Wednesday morning with an enthusiastic gathering of parents and friends who had been invited to spend the morning. The little people were in excellent spirits and seemed to so thoroughly enjoy their work that they became unconscious of the presence of spectators.

They described and imitated birds; they recited all the poems they had learned; they sang all the songs they knew; they dramatized words, stories and songs. A reading lesson from the blackboard, acted out, developed a doll's reception, after the latest approved style. One pretty feature of the exercises was the rendering of some delightful little songs and singing games by Prof. Olds of this city. Miss Hamilton says that she has at last found some songs that are perfectly adapted to little children's voices. They are so full of rhythm and melody that they almost sing themselves. At the close of the program tiny cakes and bonbons were served and the guests made their adieux, full of praise of the children's efforts and declaring it was "lots of fun."

#### GIFT BOOKS AT LEDFORD'S

#### NEW BUSINESS FIRM.

Charles H. Smith Tuesday sold his music store to J. P. Brown, who assumed immediate charge and will conduct the business at the same stand. Mr. Smith retires after seventeen years as a merchant on the square. For over five years he conducted a book and stationery store and afterward became a member of the firm of Tindale, Brown & Co. Later he purchased the sheet music and musical instrument department of this firm, which business he has conducted for over ten years. The many friends of Mr. Smith will be pleased to know that he will continue to be a resident of Jacksonville. He will give his attention to his farming and other interests.

Mr. Brown has been a resident of Jacksonville for about fifteen years and for twelve years was manager of the Central Union Telephone company in Jacksonville, and for the past two years has been connected with the contract department of the same company. Mr. Brown resigned his position with the company, as he decided to go into business for himself. He has many friends here who will wish him abundant success.

Oskaloosa, May 22.—(Special)—Patrick was an enigma to the home team to day and while the men behind Conates gave him perfect support, they were completely at the mercy of the visiting pitcher. The game only went for six innings, as rain interfered with hostilities at that stage of the proceedings. The visitors secured their two runs on a batting rally in the fifth. Patrick struck out seven men and made one of the seven hits. The visitors were fast on the bases. Berte, Hughes and Hagel all stealing sacks. It was a good game, but the superiority of the visitors' playing was evident all the way. The score:

Quincy 6 12 2  
Butterlies—Strand and Crittenden; Keys and Jameson.

**Notes.**  
The Iowa league race is filled at the present time with exciting interest. There is not a team in the league but what has made a creditable showing and there is no real cause for discouragement among the fans in any of the towns. There are only 263 points difference between the leaders and the tail enders. It is a great race and no mislake. The teams are all strengthening up as fast as possible and lines are out for released players in the "Three T's" and other leagues. Manager Belt has expressed himself as well satisfied with the build, he has brought together and the players are all well liked by local admirers of the game. It is Akers' turn to pitch to day and no doubt he will be at his best.

Big Bill Fox, last year with the locals in the Kitty, pitched a ten inning game against Clinton at Springfield Tuesday and lost the game. The visitors got three hits off of him. The attendance in the Iowa State league Sunday was as follows: Keokuk had 1,000 people, Ottumwa 1,400, Oskaloosa 712, and Burlington 2,387.

**AN OLD SUBSCRIBER.**  
Editor of the Journal—Time, with its swift wheels, speeds away and reminds me of my subscription due, hence enclosed is \$1.50 for Weekly Journal. If I am not mistaken I think I number amongst the oldest subscribers. Forty years at least. The neighborhood news, especially Woodson, Murrayville, Franklin, Durbin and other points where I was known, I read with pleasure. Now Mr. Editor, I notice many old time good people are passing over to the dark scenes of vast eternity. This reminds me I am not young and vigorous as I was forty years ago. However, I am enjoying the sweet invigorating breezes of Sunny Kansas and I make my trip regular on my route No. 3—26 miles. I have no substitute, but I get along fairly well. The past year the roads have been fine and the farmers are taking a great interest in dragging the roads. This makes it pleasant for the rural carrier, as we don't have to bump up against very hard clods. Well, on March 15, 1907, I served the good people six years now I am on the seventh year. I have always made my trip before my schedule time. I keep two good drivers and they are always on their mettle. I am safe to say I have not lost as much as twenty days during my six years and over. I claim this is keeping close to business. I often think of the poor rural mail carrier in Illinois having to climb up those steep hills and hog lanes only to find a mountain goat to travel. Just imagine a poor carrier facing a brisk snow storm and stopping at a house on the side of one of those hills and perhaps a cranky, self-conceited patron to serve. Poor fellows should have the smiles and the kindest consideration to fall to their lot from an appreciated people. Well, I will close, hoping some day to be able to mingle with my old Morgan county friends for a few months at least, as I think often of the dear old friends around Woodson, Murrayville and Greasy Prairie, where I spent many pleasant days.

## AGED PRENTICE RESIDENT TOOK

HIS LIFE—BLEW OFF TOP OF HIS HEAD WITH SHOTGUN.

Despondent Over Ill Health—Deed Done While Daughter was Out Missing—Funeral to be Held This Morning.

The community of Prentice was deeply shocked Tuesday evening when the news spread abroad that Cyrus Parrott, an aged and respected citizen of the northern part of the county, had killed himself with a shotgun.

The deed was done about 6:30 o'clock in the evening while his daughter, Miss Molly Parrott, was milking out in the barn lot. She heard a shot fired and rushing into the house, she found her father sitting in a chair in the sitting room dead, with the gun between his knees and still in the grasp of his lifeless hands. She hastily summoned the neighbors, and Coroner Spencer of Murrayville was at once notified. Dr. Spencer arrived in Prentice early Wednesday morning and impounded the following jury for the inquest: John Sice, foreman; L. F. Fisher, Samuel Latham, Edgar Travis, John Baumgartner and Dr. E. N. Harris, clerk, who returned a verdict that the deceased came to his death by a gunshot wound inflicted by his own hands.

At the time of his death Mr. Parrott was 72 years of age and had always lived in the vicinity of his late home at Prentice. He was a man of exceptionally determined character and was highly respected in the neighborhood where he lived. For the past few years he had been a sufferer from rheumatism, but it was only a short time ago that the disease reached any acute degree. In fact some of his neighbors were not aware that he had ever been afflicted with the malady. It is this ill health that is the putative cause for his suicide, but even up to his last hours he seemed to be in the best of spirits, and the shock came utterly without warning.

The shot gun with which he inflicted his self destruction was a No. 12 gauge, and he had evidently sat down in the chair, placed the muzzle under his lower jaw and pulled the trigger with his finger. The contents of the charge passed upward through the head, blowing the top of the skull entirely off.

Besides his daughter Molly, with whom he lived, about 2 1/2 miles southwest of Prentice, he was survived by another daughter, Mrs. L. J. Stewart of Sinclair. His wife preceded him in death about six years ago.

The funeral services will be held from the residence at 10 o'clock Thursday morning, with Rev. C. Henry, pastor of the Baptist church at Ashland, in charge. Interment will be in Yatesville cemetery, of which the deceased was a trustee for upwards of fifty years.

### VOICE CULTURE ADDRESS.

Dr. H. Kirke White of Springfield gave an address on voice culture to a limited number of friends at the home of Prof. and Mrs. J. Arrillaga on South Main street Wednesday evening. Dr. White, aside from being a graduate in medicine, has made a thorough study of voice culture and his address was heard with interest and profit. He exposed the wrong methods which many instructors are following and showed the baneful results therefrom. He said that too many singers were making their living artificially. Dr. White scored the person who sings with a tremolo voice and said in Germany they would be hissed off the stage in a moment. Such singers are never found in the ranks of artists.

The trouble with most people, he said, was that they wanted to learn to sing in a few months, when it takes years of practice. Dr. White made it very emphatic that some of the modern singers were at fault in sacrificing words for tones. The natural voice, he said, can sing words as plainly as speak them.

### PLEASANT SURPRISE.

About thirty members of the Order of Ben Hur effected a very pleasant surprise upon Mr. and Mrs. Edward Kastrup last evening at their home on South Church street. Euchre was the principal game of the evening and prizes were awarded. The ladies' first and second prizes were won by Mrs. W. J. Brook and Mrs. Kinnear, respectively, and the first and second gentlemen's prizes went to Joseph Wood and George Bades, in the order named. Other games were played and delicious refreshments were served.

### FAREWELL DINNER.

Invitations have been issued to a farewell dinner to be given in the Auditorium at Chicago, to Edward Capps, professor-elect in Princeton university, and to George Lincoln Hendrickson, professor-elect in Yale university. The dinner will be at 7 p. m. on May 28, and is given by the members of Chicago university to their departing colleagues. Professor Capps will be at the head of the graduate school at Princeton and will have charge of the reorganization of the entire classical department. It is not yet known who will attend the dinner from this city.

## A Heart to Heart Talk With You, Mr. Clothes Buyer

Not one man in ten knows the difference in fabric between one suit and another.

He puts on a garment, sees that it fits well, notes the general appearance and if the garment pleases him he buys.

He is taking his chances on the style, the material and the finish.

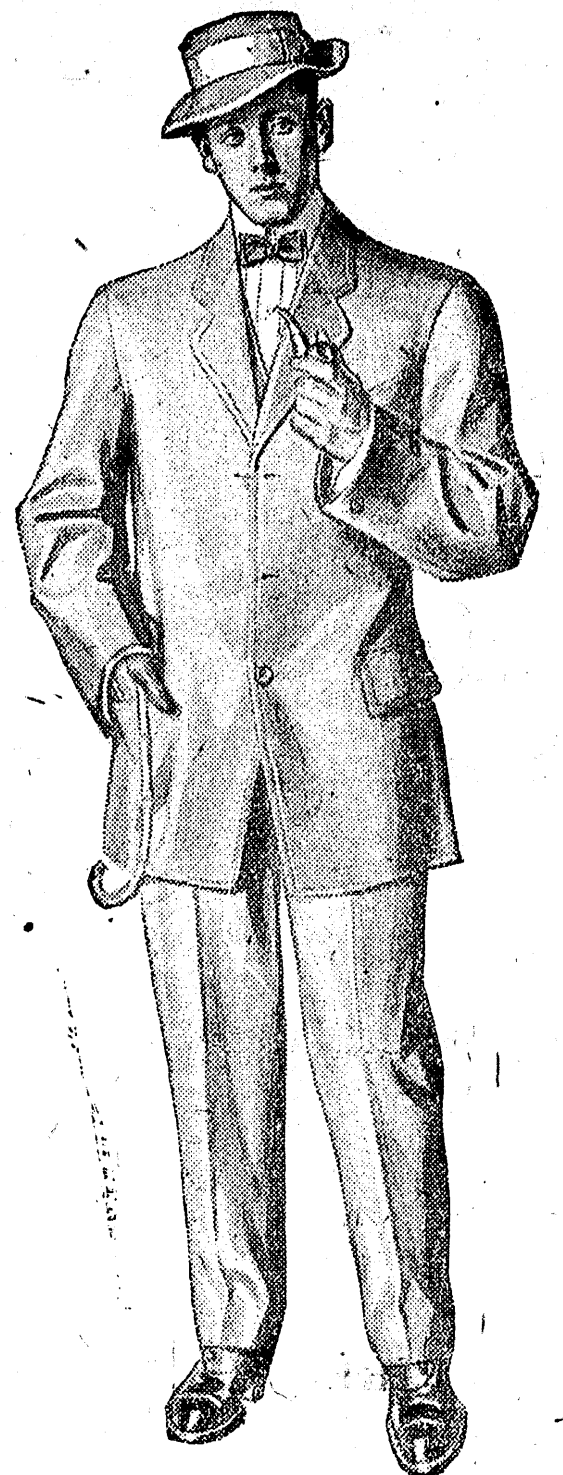

We, Mr. Clothing Buyer, know the difference in fabrics and when we tell you that this suit is a "splendid value" you can rest assured it is.

You are assured the style is the latest, the material the best and the finish the finest.

## In Society.

Mrs. Frank J. Waddell entertained at a musical tea Wednesday afternoon at her Grove street home in honor of her sisters, Mrs. Helen Brown Read and Miss Clara W. Brown, who leave Saturday for New York to sail for Europe. The guest list was limited to friends of the guests of honor and during the afternoon a program of spring songs were given.

Those who contributed to the pleasure of the company were Mrs. Read, Miss Edna Hatch, Master Elmer Adams and a quartet composed of the pupils of Mrs. Read, Miss Mabel Mathews, Miss Katherine Rogers, Miss Cora McClurg and Miss Lucille Rottger. The Waddell home was attractively decorated with spring flowers and delicious refreshments were served. Mrs. Worthington and Mrs. Crabtree assisted the hostess in entertaining and the function was one of delightful social pleasure.

Mrs. T. J. Pitner entertained a limited number of friends informally at a garden party Wednesday afternoon at her delightful home, known as "Fairview." The company was given in honor of Mrs. Franklin and Mrs. Anthony, guests of Mrs. Barnes, and the guests were invited for 4 o'clock. Tea was served at tables placed among the flowers which are in such abundance and beauty at the Pitner home, and the occasion was a very enjoyable one.

**SEALED VERDICT RETURNED.**

The jury in the case of the Jacksonville Packing company vs. the C. P. & St. L. Railroad company, in assumpsit, were out until midnight last night, when they returned a sealed verdict, which will be opened in court this morning.

**SOPHOMOR - CONTEST**

Declamation Honors Won by Hugh Green and Richard Yates Rowe—Exhibition Given in Jones Memorial Building.

Wednesday evening the annual Sophomore prize contest of Illinois college was held in the Jones building before an interested audience. The first prize was won by Hugh Green and the second honors went to Richard Yates Rowe. Dr. F. S. Hayden presided and announced as the first number on the program, a violin solo by Miss Carrie Dunlap, whose playing is always enjoyed.

As the first declaimer, Guy Raymond Young spoke "The Description of Webster's Speech in Reply to Hayne." Mr. Young took advantage of his rich voice and very favorably impressed his auditors.

Richard Yates Rowe then followed with "John Brown at Harper's Ferry," and gave an intelligent and forceful interpretation of Wendell Phillips' great oration.

Miss Clara Catherine Moore next gave "Our Martyr President," by Henry Ward Beecher. The piece was a difficult one and was very creditably given.

Hugh Green was the last speaker and spoke understandingly "The Influence of Imagination Upon the Success of Napoleon." Mr. Green's delivery showed a thorough study of his declamation and he amply met its every demand. The piece is full of dramatic fire and Mr. Green ably arose to meet the requirements of this element.

While the judges were conferring Miss Hazel Brown played a violin solo with her well known power and won the sincere plaudits of the audience.

The judges were Professor H. A. McGill, J. C. Maddigan and C. O. Rently and their decision was as given above.

### MANY ACRES PLANTED.

The past few days have been days  
of unusual activity on the farms  
of Morgan county and the farmers  
have used every effort to get their  
corn planted while the weather fa-  
vored. As the result of this activity  
farmers who know say that nearly  
all the acreage expected has been  
planted now and that although the  
season is late if we get plenty of  
warm days and nights that there is  
no reason why Morgan county should  
not have an average crop.

### Chicago Grain Markets.

(By Associated Press.)  
Chicago, May 22.—Wheat. Amid  
an uproar of bullish enthusiasm  
prices on the board of trade to-day  
continued their record climbing  
tides, all deliveries touching new  
record marks for the season. July sold  
at \$1.03, September at \$1.04 1/2 and  
December at \$1.05 1/2. The new high  
water mark was reached on initial  
transactions, which showed gains of  
1/4 to 1/2 c. Later July outdid the "open-  
ing performance" and advanced 1/2  
c. to \$1.04 1/2. Trading was  
of enormous proportions and prices  
fluctuated within a range of 2 c. There  
was a big general demand, the more  
prominent commission houses leading  
in the early trading. The market was  
kept in an excited condition  
and caused rapid fluctuations.  
The main factors were the absence of  
rain in Kansas and the strength in  
European markets, especially Liver-  
pool and Budapest. Crop damage re-  
ports were numerous. The demand  
was less urgent in the last half hour  
and, although prices were on a con-  
siderable lower level than earlier in  
the day, the close was firm, with July  
and December each up 1/2 c. and Sep-  
tember down 1/2 c.

Corn. This market was weak be-  
cause of active selling by cash houses  
who were hedging against large pur-  
chases in the country. There was a  
good commission house demand, but  
selling was a device to sustain  
prices. Weather conditions were fa-  
vorable in most sections for planting  
and for the crop already planted, and  
advice from Iowa reported \$0.90 per  
bushel for the total average already  
in the ground. The close was weak,  
with July down 1/2 c.

Oats.—Oats opened strong in sym-  
pathy with wheat, but soon weakened  
under realizing sales by leading holders  
and continued weak until the close,  
which showed July off 1/2 c.

### Chicago Livestock Market.

Chicago, May 22.—Cattle.—The  
market was steady to 10c lower. Re-  
ceipts were liberal and of an inferior  
character. A few of the steers of-  
fered sold at firm prices but cow stuff  
was weak.

Hogs.—Market steady to 5c lower.  
Shippers bid fairly well for light hogs  
and the better sorts of butcher grades  
but the packers were inactive in  
trading.

Sheep.—The best quality shows a  
gain of 10c, while other grades hold  
about steady. Some fancy clipped  
lambs sold 1c higher, but the quality  
was generally lacking.

#### BUSINESS CHANGE.

Having disposed of my music business to Mr. J. P. Brown, I wish to thank the public, and especially the music teachers of Jacksonville and vicinity, for the generous patronage accorded me, and to bespeak for my successor a continuance of the same. C. H. Smith.

Having purchased the music business heretofore conducted by Mr. C. H. Smith, I would respectfully solicit a continuance of the patronage he has enjoyed, and would say that I shall endeavor to keep the stock of music, musical instruments, phonographs and musical merchandise at all times complete and up-to-date, and to give courteous and careful attention to the wants of customers. J. P. Brown.

Wanted: First class painters. MALLEY & SON.

#### TRUE BILLS FILED.

John Brown, who was arrested some time ago on a charge of stealing hides from the Jacksonville Packing company, had a true bill brought against him by the grand jury. He was unable to give bond and was sent to jail.

John Dunn also had a true bill brought against him by the grand jury for shooting a party on South Church street and he was let out on a \$200 bond, Peter Dealy being security.

#### FOR BETTER TRAIN SERVICE

Committee of Business Men's Association to be Guest of Burlington Officials in Chicago—Good Results Looked For.

The Business Men's association has received an invitation from Chicago, Burlington & Quincy authorities to meet a committee from the association to talk over the matter of better train service for the city. For several weeks and even months the Burlington has been running trains to and from the city on such a schedule that it is practically impossible for those who wish to trade in the city to get the necessary accommodations.

The company thought it best to meet a committee and as a result have made the necessary arrangements whereby members of the committee will be their guests and they will leave here this morning at 11:25 o'clock, and among those who will go are Mayor John R. Davis, J. H. Hackett, W. L. Fay, Isaac Powers and Frank Byrns.

L. O. Howard, division freight and passenger agent of the Burlington system, has been instrumental in bringing the matter before the Chicago authorities and much good results are looked for from the visitation.

#### CONCERT VISITORS.

A number of visitors and students of the Conservatory from out of town were here last Monday and Tuesday to attend the Illinois Conservatory spring concert. Misses Beatrice Ross, Lillian Ross, Mary Chapman, Lillian Boehm and Oral Halbert of White Hall were guests at Academy hall. Misses Ruth Tucker, Margery Cooper, Jessie Mangrum and Vena Biggers of Chapin were entertained by Miss Jeannette Thompson. Mr. Milan Ross of White Hall was also in the city for Tuesday evening's concert.

#### DEATH RECORD

##### Moore.

A telegram received Wednesday evening by L. W. Chambers from George W. Moore announced the death of Major Sylvester Moore at his home in Cuba, Mo. Major Moore was a son of Dr. Edmund Moore, who will be remembered by older citizens as one of the well known physicians of the county and a prominent Republican. The deceased spent the early years of his life on the home farm east of the city and in the early days of the war, with others from this vicinity, he enlisted in Company G of the 1st Missouri cavalry. He came out of the service with the rank of major and a splendid record for bravery.

In 1866 he ran for the office of sheriff on the Republican ticket and was declared elected. Later, however, the election was contested and Milton Mayfield assumed the office. Subsequently Mr. Moore engaged in the flour and feed business with Langdon Mapes, the firm name being Mapes & Moore and their place of business on the north side of the square, although they also had charge of the Morgan mills north of the city.

Subsequently Major Moore left Jacksonville and lived for a number of years in St. Louis and more recently he has lived in Cuba, Mo. He was a man held in high esteem by those who knew him best and his death has closed a brave and useful life.

Arrangements for the funeral have not yet been made known.

Fresh lot of bedding plants can be seen now at Heid's store. They are best and cheapest.

#### BISHOP OSBORNE HERE.

Bishop Osborne of Springfield will be at Trinity church this evening and will conduct a confirmation service at 7:30 o'clock. This is the first official visit of the new bishop.

#### BURLINGTON ROAD MAY CLOSE DEAL

For C. P. & St. L.—Local Shops are Closed Down Until Monday—Beardstown Shops May be Consolidated With Plant Here.

The C. P. & St. L. shops have shut down until next Monday for the purpose of taking an invoice.

Rumors are afloat that plans are being brought to a fruition whereby the C. P. & St. L. will shortly fall into the hands of the Burlington system. Whether the closing of the shops has anything to do with the deal will soon be known. Some people are rather inclined to think that the proposition between the Burlington and the C. P. & St. L. is only a pipe dream and that nothing will come of it. However, a man who is well posted on railroad affairs, whose name cannot be given, stated that it was only a question of time before the change would be made.

Everything seems to be in readiness for the change. Several railroad projects are being held up on account of the deal, such as the C. & A. depot, the C. P. & St. L. freight house, the East State street subway, the new Burlington depot, track changes along Illinois avenue, etc.

The committee which goes to Chicago to day from the Business Men's association to consult with the officials of the Burlington may hasten matters. It is understood that the business men will put before the officials the proposition of moving the car shops from Beardstown to this city. The Burlington road has already been operating at a loss by leaving the shops at Beardstown since the extension of their line through southern Illinois. The managers now see where it would be a saving of thousands of dollars to make the change.

When it is taken into consideration that the Burlington was some twenty-four months getting possession of the old "Jack" line, it is not to be wondered that the company has had the deal on with the C. P. & St. L. system for several months without final action.

#### WARNING.

As I have a vicious bull in my pasture I hereby warn all trespassers to beware.

#### WESTMINSTER PEOPLE TO MEET.

The trustees and members of the session of Westminster church held an informal meeting Wednesday night to make further arrangements for the congregational meeting which will be held next Sunday morning at the customary hour. There will be a service of prayer and song with possibly a brief sermon and then a congregational meeting will be held. The trustees hope that all members of the church and congregation will be present as various reports will be made and there are several matters of interest and importance to be considered.

#### MR. SCHRAM CONVALESCENT.

Dennis Schram, who has been a patient at Our Savior's hospital for a good many weeks, is now able to be at his home on South Main street and was at his store for a time yesterday. Mr. Schram has not regained his full strength yet, but is very glad to be well and on the road to recovery, and his many friends in the business and social circles of Jacksonville share this feeling of pleasure with him.
